

Advocacy Projects

The Bridge to Independence: A Coordinated Campaign for Minnesotans with Disabilities

As funded by the Minneapolis Foundation and in partnership with the Minnesota Consortium for Citizens with Disabilities, Courage Center is working on this project to achieve three goals: enhance coordination of MN-CCD, participate in increasing civic engagement and grass roots organizing of individuals with disabilities and complex health conditions, and improve communications and strategic planning for MN-CCD.

Bridging the Continuum of Care: An Action Plan to Better Serve Minnesotans with Disabilities

Building A Common Vision for Health and Rehabilitation

This is a project that Courage Center has entered into, funded by the Minneapolis Foundation. It will engage service providers and consumers in the development of a new model for care in Minnesota.
