**What is Power Soccer?** Power Soccer is a competitive team sport designed for power wheelchairs and is played by athletes of all ages with various disabilities. Power Soccer combines the skill of the wheelchair user, speed (6.2 mph) and power of the chair to create an extremely challenging game similar to soccer. Four players make up a team, whose wheelchairs are equipped with front-mounted metal guards. These are used to attack, defend and spin-kick a 13-inch soccer ball in an attempt to score goals.
